

Stimati colaboratori,

La propunerea Ministerului Finantelor Publice (MFP), Guvernul a adoptat **amanarea ratelor la banci si IFN-uri pentru cei afectati de COVID-19.**

Va prezentam mai jos comunicatul de presa ale Ministerului Finantelor Publice din data de 14.05.2020.

Redam textul integral al comunicatului de presa:

Astazi, executivul a adoptat in sedinta de guvern actul normativ elaborat de MFP prin care se propune prelungirea pana la data de 15 iunie 2020 a posibilitatii de solicitare a amanarii ratelor celor care se afla in imposibilitatea platii.

Prin OUG nr.37/2020 privind acordarea unor facilitati pentru creditele acordate de institutii de credit si IFN-uri anumitor categorii de debitori, Guvernul Romaniei a adoptat anumite masuri destinate sprijinirii debitorilor care intampina dificultati financiare din cauza epidemiei de COVID-19.

Astfel, incepand cu data de 30 martie 2020, debitorii pot solicita creditorilor suspendarea obligatiei de plata a ratelor de credit scadente, pentru o perioada cuprinsa intre 1 si 9 luni.

Principalele avantaje ale facilitatii de suspendare a ratelor sunt sprijinul acordat persoanelor fizice ale caror venituri au fost afectate de raspandirea virusului SARS – CoV - 2, precum si furnizarea lichiditatii financiare

Dear collaborators,

At the proposal of the Ministry of Public Finance (MPF), the Government adopted the **postponement of the installments at banks and NFIs for those affected by COVID-19.**

We present below the press release of the Ministry of Public Finance dated May 14th 2020.

We reproduce its content integrally:

Today, the executive adopted in the government meeting the normative act elaborated by MPF, which proposes the extension until June 15th, 2020 of the possibility to request the postponement of the installments of those who are unable to pay.

By GEO no. 37/2020 on granting facilities for loans granted by credit institutions and NFIs to certain categories of debtors, the Government of Romania has adopted certain measures to support debtors facing financial difficulties due to the COVID-19 epidemic.

Thus, starting with March 30th, 2020, the debtors can request the creditors to suspend the obligation to pay the due credit installments, for a period between 1 and 9 months.

The main advantages of the rate suspension facility are the support provided to individuals whose incomes have been affected by the spread of the SARS - CoV -2 virus, as well as

necesare desfasurarii activitatii economice a persoanelor juridice pe perioada de influenta a pandemiei, in vederea continuarii activitatii, respectiv a mentinerii salariatilor, o problema cu mare impact social in aceasta perioada. Pana la data de 8 mai 2020, 126.493 de persoane fizice si juridice au beneficiat deja de suspendarea cu pana la 9 luni a rambursarii ratelor, dobanzilor si comisioanelor.
